

Specialised Components for Automotive Applications

We are a leading supplier of cable & wiring accessories, nylon fasteners and electronic hardware for Australia's heavy automotive and industrial industries.

Sleeving

Wrap wire bundles, fuel lines, hoses to manage radiant heat, abrasion, EMI or just to keep them tidy.

Fasteners

From Cavity Fixing Anchors to Push and Pop Rivets and Arrow Clips, we stock products from world leading names in fasteners such as HEYCO, Micro Plastics and Keystone.

Heat Shrink

Our range of heat shrink offers durable, long-term protection against moisture ingress, corrosion, mechanical damage and extremes of temperature.

Conduit & Tubing

Rigid and flexible PVC conduit and compatible connectors, fittings and brackets. Our flex tubing can contain qualities such as abuse, pull, crushing, corrosion, oil and water resistance.

Cable Ties

We stock an enormous range of cable ties that vary in size, capabilities, certification and price.

Plugs & Bushes

Ideal for use on doors, undercarriages, body panels, access panels and other open ports. Available in multiple styles, they provide a professional finished look.
